

• ACOUSTIC POD RANGE •

PEACE AND QUIET IN AN INSTANT

The Go Acoustic Pod range was designed to address two core issues relating to open plan environments. Firstly, the need for acoustic privacy and secondly, the need for internal rooms within the work space.

Each Pod is highly ergonomic and functional, packed with the latest technology when you need to stay connected.

Peace in a pod...

GO pods are a compact soundproof workspace with huge benefits;

Equipped with lighting and a ventilation system which is activated by a movement sensor, all pods are fitted with USB, RJ45 Data plug and electrical sockets ensuring optimal power and connectivity.

• POD SERIES •

Energy Efficient

Sensor based on-off switch activates led lighting and ventilation fan helps to conserve energy.

High Acoustic Rating

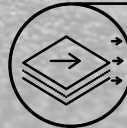

Beautifully designed using selected materials for absorption and isolation performance with Acoustic Test Certificates.

Easy to Assemble

Flat packed for ease of delivery and installation.

Retractable & Portable

Fitted with integrated ball bearings, allowing pods to be easily repositioned into desired locations after assembly.

Highest Quality

Sophisticated automation machinery ensures consistency of quality, while robust construction and premium materials create a product of the finest quality.

Comfortable & Breathable

Work comfortably in a well-ventilated space with great acoustic properties.

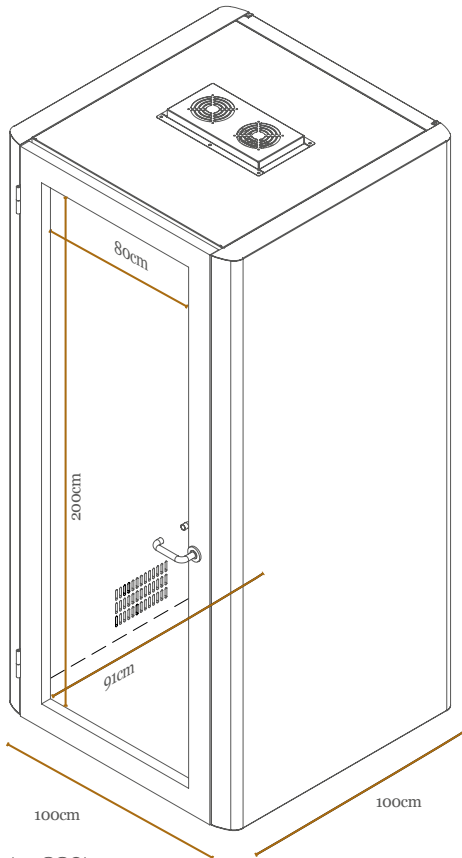

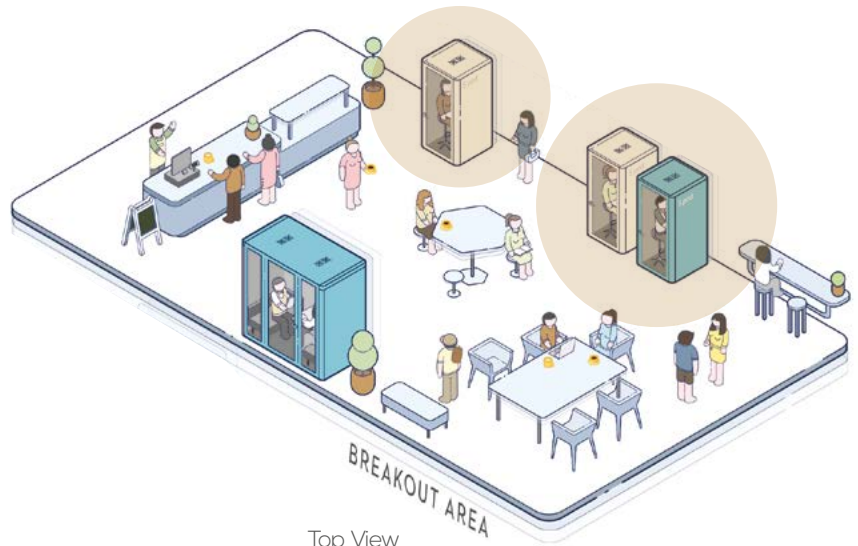

SOLO

Single Person Pod.

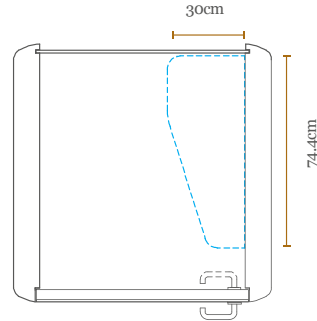

The SOLO Pod is designed to fit one person and is suitable for phone-calls and concentration.

An ideal space to work in silence with optimum acoustic shielding from the surrounding work environment.
