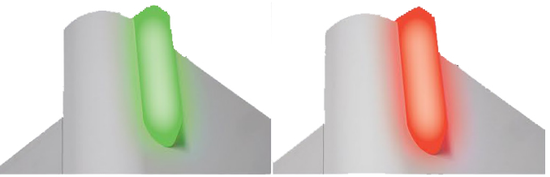
ENERGY EFFICIENT

OCCUPANCY INDICATOR

Knowing which acoustic pod is available from afar instantly, with just a glance at the occupancy indicator at the top of the pods. This is especially useful if you are looking for a pod at the last minute or need it for a quick call or discussion. You can hop right into one that is available.



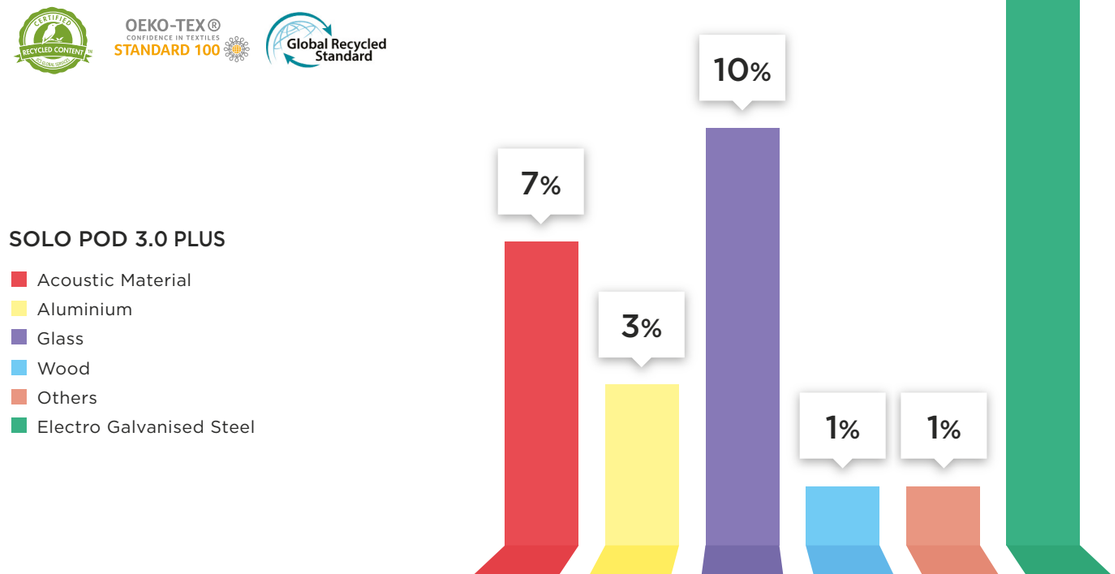
HIGH ACOUSTIC RATING

RECYCLABLE & SUSTAINABLE

Acoustic Material: Crafted To Perfection

Sustainability is no longer an option. It is now ingrained in the way we do business. Go is proud to claim that 98% of the materials used in our pods are recyclable. Especially the acoustic materials – they are 100% polyester and have been tested by the relevant authorities, proven to be harmless to the environment.

One of our notable commitments to a greener environment is using galvanised steel to create 78% of an Solo 3.0 Plus pod.



DISTRACTION-FREE ZONE

We Care For Your Well-Being

Go acoustic pods are built to give you a calm, quiet space whenever you need it. With high-quality sound insulation and clear tempered glass doors, you'll enjoy privacy without feeling closed in. Escape the noise of the office without disconnecting from it.

Aside from sound insulation, 3.0 Plus pods have achieved GREENGUARD Certification which is scientifically proven to meet some of the world's most rigorous third-party chemical emissions standards, helping to reduce indoor air pollution and the risk of chemical exposure. The certification can contribute to LEED credits as well.
